

Capital IQ Acquires the Research and Estimates Business of TheMarkets.com

Sep. 21, 2010

We are delighted to announce that Capital IQ has recently acquired the research and estimates business of TheMarkets.com. The combination of Capital IQ's comprehensive fundamental and quantitative data with TheMarkets.com analyst research and earnings models will create a compelling set of research, data, and analytics solutions for institutional asset managers worldwide. With TheMarkets.com as the premier provider of third party equity and fixed income research, earnings models and estimates to over 2,400 institutional investment management firms worldwide, this acquisition establishes Capital IQ as the pre-eminent provider of real-time research and estimates in the marketplace and one of the most critical distribution channels for delivery of your research insights and estimate forecast data to institutional clients globally. Capital IQ remains firmly committed to delivering the same superior level of service, content, and functionality contributors have come to expect from us. We appreciate the level of confidence and commitment you have shown us and we look forward to continuing to grow our relationship with your company and adding more value to the services we provide. Capital IQ and TheMarkets.com are leaders in empowering the investment research process and we are excited about building on that position in the years to come.
